### About Ashley Furniture Home Store

At Ashley Furniture Home Store(R), we make beautiful home furnishings affordable. In less than 10 years, we have become the No. 1 selling furniture brand in the world and the No. 1 retailer of furniture and bedding in the United States. Our stores are located throughout the United States, Canada, Mexico, Central America, and Japan, and we are expanding domestically and abroad every day. There are several factors that have contributed to our success. Our stores are locally owned and operated. Because our store owners and their team members live and work in the same areas in which their stores are located, we have better insight into the needs and preferences of our customers at the local level. Additionally, many of our stores actively participate in charitable events that promote the continued growth, development and enrichment of their communities.
